

Welcome to the Bath Buskers Web Site

The name says it all: it's a web site by buskers for buskers about busking and street entertainment in Bath, with contributions from many of Bath's local buskers. Please note that this is not the official website of Bath buskers - such a thing would be a contradiction in our view. It is a website by some buskers in Bath.

If you busk in Bath (or elsewhere) and would like to contribute to the site you are very welcome - you can email the site at . We try to be inclusive, although if you would prefer to remain enigmatic, as some people do, then that's fine. However, even if you're not a busker - perhaps a local resident or maybe a visitor to our city - we hope that you will find plenty in these pages to inform and entertain.

You'll find these pages packed full of useful info about busking, and the answers that you always wanted to know to the questions you never dared to ask, such as: [how do I get a pitch?](#)
[Is busking legal?](#)
[Do I need a license to busk in Bath?](#)
[Should I give money to buskers?](#)
